COSMETOLOGY

Cosmetology is a two-year program which offers instruction and practical experience in the skills and theory necessary to be a licensed cosmetologist. This includes care of the hair, skin, nails and related services offered in a spa or salon. Equipment used in the cosmetology laboratory is equivalent to that found in a modern salon. Students must fulfill the requirement of one thousand instructional hours. The successful completion of the program qualifies the students to take the New York State Cosmetology Licensing Exam.

In 2013, 70% of all FEH BOCES Completers went on to some postsecondary education or training.

Cosmetology students can apply to receive articulation credit at the following institution:

North Country Comm. College

CAREER OPPORTUNITIES INCLUDE

Post-secondary Education
Film, Theatrical or Editorial Stylist
Business Skills
Distributor Sales Consultant
